Importing Students

You can import data from a spreadsheet into EnterNOW

The spreadsheet will need to be exported or saved as a csv file

The following fields are required, the rest are optional

- First Name
- Last Name
- Date of Birth
- Gender

The following column headers are recognised, they are case insensitive, anything that doesn't match will be ignored.

Student ID Number

- cm.special(20)
- local student id
- id number
- pupil id
- student id
- reference
- slsnz id number

Remote Unique Identifier (used to match external systems)

- contactid

Student Last Name

- legal surname
- surname (preferred)

- surname
- last name
- family name
- preferred family name
- surname (legal)

Student First Name

- preferred firstname
- first name (preferred)
- first name
- first names
- preferred name
- first name (legal)
- first

Gender (Acceptable Values M or F)

- gender
- sex

Date of Birth (Expected format YYYY-MM-DD)

- date of birth (yyyymmdd)
- birthdate
- dob

Enrollment Date

- first attendance
- date started here
- first started school

Year Level

- year level

- this year
- year

Previous School

- previous school
- previous schools

Email

- email

Phone

- phone

Address

- address

Suburb

- suburb

Town / City

- town/city
- city

Ethnicity

- ethnicity

The following applications should generate files with these headers

Kamar

ID Number, Surname (Preferred), First Name (Preferred), Gender, Date of Birth, First Attendance, Year Level, Previous School 1 Name

Musac

Local student ID, Family Name, First Names, This Year, Gender, DOB, Date started here, Previous schools

eTAP

Pupil ID, Preferred Family name, Preferred name, Year level, Gender, Date of birth, First started school, Previous school

Surf Life Saving NZ

ContactID, SLSNZ ID Number, First Name, Last Name, Birthdate, Gender

Uploading ID Photos

Some sports require that ID Photos are uploaded.

Click on the **Members** tab

The members with photos already will have a tick next to them

If you need to load a photo, click on [**edit**] next to their name.

The screenshot shows the 'Hogwarts School' interface. At the top, there is a blue header with the school name and a '(change)' link. Below this is a navigation bar with tabs: 'Entry Forms', 'Archived Entries', 'Members' (circled in red), 'Officials', 'Reports', 'Settings', 'Help', and 'Log'. The main content area is titled 'Members' and features a grid of letters (A-S) for filtering. A '+ Add Member' button is visible. Below the filter is a table with columns: 'Last Name', 'First Name', 'Date of Birth', 'Gender', 'Year', 'Photo', and 'Action'. The table contains four rows of member data. The 'Photo' column shows green checkmarks for the first two members. The 'Action' column for the last member, Amanda Aguele, has an 'Edit' link circled in red. A red arrow points to the 'Photo' column header.

Last Name	First Name	Date of Birth	Gender	Year	Photo	Action
AGAR	Lisa	12-Aug-98	F	10	✓	Edit ID Card
AGAR	Zane	11-Jan-99	M		✓	Edit ID Card
AGNEY	Eli	12-Jun-98	M	11		Edit
AGUELE	Amanda	10-Apr-00	F	10		Edit

Click on [**choose file**], and select a photo from your computer

Once the photo has uploaded, click on [**Save**] to go back to the members list.

Don't worry if it is too big, we will crop it down before the ID cards get printed

Add/Edit Member

EnterNOW ID	231950
First Name	<input type="text" value="Amanda"/>
Last Name	<input type="text" value="AGUELE"/>
Date of Birth	<input type="text" value="10"/> <input type="text" value="Apr"/> <input type="text" value="2000"/>

Importing Student Data from KAMAR (Automatically)

If your school uses KAMAR you have the option to automatically import student data into EnterNOW.

1. In EnterNOW

In EnterNOW go to the Settings tab, then click on [Create API Key]

On the next screen type in **Kamar** as the **Key Description**, then click on [**Save Changes**]

You will now be back on the Settings tab, and down the bottom will be your new **API Key**.

Select and copy the Kamar API Key

API Keys	
Kamar	78e8e272-ab6e-4688-a3da-a436b8f5afe1

2. In KAMAR

Note: you may need your kamar administrator to do this.

Follow the instructions in the kamar help manual

<https://www.kamar.nz/setup/server/directory-services/enable>

You will need the following settings

Name	enternow
Address	kamar.enternow.co.nz
Port	443
Username	enternow
Password	(Use the API Key you created above)
Format	JSON
Password	(Use the API Key you created in EnterNOW above)
Part Updates	NO
Full Update	We recommend once per day, but it can be as low as once per week.

Click on the [**Check and Enable**] button to verify your connection is working.

After a few seconds, KAMAR will report the result of your connection.

If successful, you can then press the [**Run Now**] button to complete your first full sync of all students to the EnterNOW service.

Note: The update process is run on the server and may take a while to complete before you

see anything happening.

Required Data

- Student ID
- First Name
- Last Name
- Gender
- Year Level
- Date of Birth
- Starting Date (eg enrollment date)

Optional Data

- Ethnicity
- Iwi
- Mobile
- Email
- Residence, Street, Suburb, Town
- Photo

If you need student photos to be transferred, under the selected directory service, select the '**Student Photos**' option.

Importing Groups from KAMAR

Exporting student data from Kamar School Management System

From the main screen go to **[Printing] > [Export] > [Group Tab]**

You can choose from **My Groups** if you setup the groups or select **Groups by Type > Sport > Select Sports**, if someone else setup the groups.

The fields you need to export should match the entry form

The easiest way to do this is setup a search that exports all data, and save that search so you don't have to select the fields all the time. Then export the data to csv/xls file and delete the columns you don't need

These fields should cover most of what is required

- Student ID (Should already be selected)
- First Name (Should already be selected)
- Surname (Should already be selected)
- General > Gender
- Date > Date of Birth
- Date > First Attendance
- Timetable > Year Level
- Ministry > Previous School 1 Name
- Caregivers > PCG One Name (eg. Mother)
- Caregivers > PCG One Phone Home (eg. Mother)
- Caregivers > PCG One eMail (eg. Mother)

Click [**Export**] and save the file.

Once you have exported the data to excel, rearrange the columns to match the entry form, then select the data, copy and click on Import Player Data in EnterNOW

Import Cancel

Privacy Policy for Student Data

What data is synchronised

We only synchronise the data that is used by most organisers for school events.

- Student ID
- First Name
- Last Name
- Gender
- Date of Birth
- Year Level
- Previous School Name
- Date of Enrolment
- Residency Status
- Ethnicity
- Photograph (optional)

Who has access to the data

School sports coordinators

- Each school gets issued a login and password which gives you access to the EnterNOW websites.
- If you choose to share that password with others, they will also have access to your schools data.
It is your responsibility to keep your password safe.

Event Organisers

- Can only see the data that you have included in the entry form. (This is no different to what they receive with a paper entry form)
- Have the ability to use the auto-complete functionality to enter students on your behalf (for late entries or special cases).
- DO NOT have the ability to download or view your full your student list (the Members tab in EnterNOW)

EnterNOW

- EnterNOW Ltd and its staff will have access to your data for the sole purpose of providing support and resolving problems with the system.

What precautions are taken to keep the data secure

- SSL Secure certificate is used on the website (encrypts data between end user and server)
- SSH public key access is used to authenticate to the server and transfer files. (only 2 people have access to the key)
- Our website server has a firewall in place.
- Software/Security patches are applied at regular intervals
- Regular backups are taken of all data, and stored on a secondary server which is not publicly accessible, also protected by firewall.
- All our development machines have encrypted hard drives, with password access (in the case of loss or theft, they will be inaccessible)
- Development machines all run current antivirus/malware detection software.
- Development machines are backed up on regular intervals and backups are encrypted.

How long do you keep the data

- Student records are erased once they turn 19, as the system assumes they have left the school

- If a student leaves school before they turn 19 and the student management system offers that data, then we will erase the students record
- If a student record is not accessed for a period of 24 months, the record will be erased
- Entries that are made into events, and the associated information are retained indefinitely for statistical purposes.

Importing Student Data from KAMAR (Manually)

If you want to automatically update the student data from KAMAR see this article

From the main screen go to [**Printing**] > [**Export**] > [**Find**]

Select the following fields:

- Student ID (Should already be selected)
- First Name (Should already be selected)
- Surname (Should already be selected)
- General > Gender
- Date > Date of Birth
- Date > First Attendance
- Timetable > Year Level
- Ministry > Previous School 1 Name

Click [Export] and save the file.

Email the file to help@enternow.co.nz and we will check the file and import it for you.

- First Attendance
- Year Level
- Previous School 1 Name

Delimiter: New Lines:

Custom / Specify Date

Used for fields labeled (Specify Date)

Default Save Location Leave blank to be prompted at time of export.

Copy & Paste a team list from a spreadsheet

If you have been given players lists in a spreadsheet format, you can copy and paste them directly into EnterNOW.

	LAST NAME*	FIRST NAME*	GENDER (M/F)*	DOB (D/M/YY)*	CAP NUMBER	
1*	<input type="text"/>	⊘				

Before we can import the data, we need to make sure that our column order in the spreadsheet matches the order of the columns in the entry form

In this example the column order is

1. Last Name
2. First Name
3. Gender
4. Date of Birth
5. Cap Number

If you don't have all the information required, just leave a blank column in your spreadsheet, as long as there is a column for each field.

	A	B	C	D	E	
1	Last Name	First Name	Gender	Date of Birth	Cap	
2	Grainger	Hermoine	M	22/03/2014		1
3	Potter	Harry	M	23/03/2010		2
4	Weasley	Ron	F	24/03/1981		3
5	Riddle	Tom	M	25/03/1980		4

In excel select your team list, and copy it to the clipboard. Eg **Ctrl+C** on a pc, or **Command-C** on a mac

Click on [**Add Entry**], then down the bottom right of the players list, click on [**Paste from Spreadsheet**]

Paste your data into the box, **Ctrl+V** on pc, or **Command+V** on a mac, then click on [**Import**]
Your players will now be showing in the entry form.

Quick Start Guide

Adding Entries (Tutorial)

You can also watch this tutorial as a youtube video

When you first login, you will see a screen listing all the Open competitions.

Click on the Event Name to open the Entry Form

The screenshot shows the 'Hogwarts School' sports management interface. At the top, there is a blue header with the school name and a navigation menu with links for 'Entry Forms', 'Archived Entries', 'Members', 'Officials', 'Reports', 'Help', and 'Logout'. The current date and time are 'Wed, 26 Feb - 10:50AM'. Below the navigation is a green banner for 'Demo School | Entry Forms'. On the right side, there is a large orange circle with the word 'DEMO' in white. The main content area is titled 'SPORT COORDINATOR' and lists fields for 'Name:', 'Phone:', 'Email:', and 'Mobile:'. Below this is a section titled 'OPEN' which lists two events. The first event is 'Athletics - Demo' with an 'Entries Close' date of '28 Feb 2014 - 11:59pm'. The second event is 'Netball - Junior Tournament (Demo)', which is circled in red. A red arrow points from the text '1. Click on the Event Name to open the Entry Form' to the circled event name. To the right of the second event, the 'Entries Close' date is '2 Apr 2014 - 11:59pm' and the 'Player Lists Due' date is '10 Apr 2014 - 11:59pm'.

Select an event from the drop list and click on [Add Entry]

Importing Entries into SportSoftware OE2010

SportSoftware OE2010 is an application for administering orienteering events.

In EnterNOW take the OE2010 Competitors download option

[file-xT0BijLSL.png](#)

Image not found or type unknown

In SportSoftware OE2010

In the menu click on, Extras > Import > Competitors

Select Identify Competitors by Database Id

Carefully select the Competitors option that suits

Warning: Clear and create again, will wipe all existing entries

Select the download file and click on [OK]

[file-DGFxaZbDaf.png](#)

Image not found or type unknown

Click on [Yes] when the warning dialog shows up

[file-HfA0x96hYC.png](#)

Image not found or type unknown

Once the import is complete, you will see a summary window.

Check that the number of Competitors and the number of Clubs matches the totals in EnterNOW

file-RIW0VRuCbX.png

Image not found or type unknown

Exporting Swim Meet Manager Database

If you are running your event in Swim Meet Manager. First of all, open the meet and check all the events are set up as you like.

Then when you are ready to export the database file.

Click on **File > Backup** from the menu

You will be prompted to backup the current database, click on [**OK**]

A screen will popup with some warnings, click on [**OK**]

The backup will now be complete, take note of the filename and the location it was saved in. Click [OK]

Navigate your way to the location where the backup was saved and find the backup file for your event.

This is the file you need to email to us, so we can set up your event.

Importing Student Data from MUSAC

Click **Student Manager** > **Utilities** > **Import/Export student data** > Export selected data

Give the file an appropriate name

Select the following fields from the right hand column:

- Student ID
- First Name
- Surname
- Gender
- DOB
- This Year
- Date started here
- Previous school

Please note - the student ID field is found under Select Information Derived from Columns > Tab (specials) > Local student ID > Select

Once all the fields above are selected, click [Proceed to final steps] > [Select all] > [Excel] then proceed to export.

This report may take up to 5 minutes for larger schools

Email the file to help@enternow.co.nz and we will check the file and import it for you.

Importing Student Data from eTap

From the eTAP main menu go to Pupil Lists

From the Columns section select the following fields:

- Unique ID - First field at upper left
- First Name (Should already be selected) - you can untick this and select preferred name instead.
- Surname (Should already be selected) - you can untick this and select preferred surname instead.
- Gender
- DOB
- Year Level
- First started school
- Previous school

At upper right select 'Export file csv' and save the file somewhere on your hard-drive.

Email the file to help@enternow.co.nz and we will check the file and import it for you.

Restricting which schools can enter a competition

In EnterNOW, you can restrict which schools/clubs can enter a competition. By default, every competition is Open entry, which means any school that has a login for your site, can enter.

When a school logs in, and they are not on the restricted list, they will not see the competition at all.

When you are logged in as an Administrator, you will see a badge below the competition, saying ENTRY RESTRICTED

[Ki O Rahi Senior Tournament](#)
ENTRY RESTRICTED

- Horowhenua College

Applying Quota Rules

Quota rules are useful for limiting entries into events, where an athlete may be eligible (by age) to enter several events.

Example, a 17yr old athlete would qualify for both of these events.

Open Board Race (Age range 14yrs +)

J19 Board Race (Age range 16-18yrs)

First you need to edit every event that you want to make exclusive and add a tag. The tag can be anything, but it needs to be the same tag on each of them.

We have used the tag "boardrace" in this example

2019 Eastern Regional Championships (ERC's)

General	Divisions	Events	Questions	Quota Rules	Limit Entry	Invoices	Entries	Reminders	Alms Games Regos

Once you have added that tag to each event, you can create a quota rule

2019 Eastern Regional Championships (ERC's)

[General](#) [Divisions](#) [Events](#) [Questions](#) [Quota Rules](#) [Limit Entry](#)

QUOTA RULE	MATCHING TAG	EXCLUDE
<input type="button" value="+ Add Rule"/>		

Put something that clearly explains the reason in the Validation Message.

The max number of events, means that of the events that have boardrace, you can only enter that number of them.

In this case, 1 means you can only enter 1 board race.

In Athletics events it is common to have rules such you can enter any 3 events, but a maximum of 2 track events.

Create Event Quota Rule

2019 Eastern Regional Championships (ERC's) / Quota Rules / Edit Rule

VALIDATION MESSAGE

You can only enter 1 board race

This message is shown to the entrant when rule is broken

MATCHING TAG

boardrace

This rule will apply to any events with this matching tag

MAX NUM EVENTS

1

Limit of the number of matching events entered in

EXCLUDE TAG

Block entrant from entering both events that match the Matching Tag and Exclude Tag, eg:

SORT ORDER

1

Order the rules are applied in

Save Changes

cancel

When the user tries to enter both events, it will display the validation message your typed.

Swim Meet Manager SDIF Files

SDIF data files are an old format and as such only support Freestyle and Medley Relays.

To import entries for Fly, Back, Breast relays we need to trick Swim Meet Manager into thinking they are Freestyle relays.

EnterNOW will export the SDIF files with Fly, Back, Breast relays all marked as Freestyle.

In Swim Meet Manager you need to edit each event that is affected, and

1. Change the **Stroke** to **Freestyle**
2. Change the **Note:** to read Fly Relay (or whatever style it is supposed to be)
3. Tick the box that says **Suppress Stroke Name**

Restricted Entries

If you see the Entry Restricted notice showing under a competition listing, there are a couple of reasons for this

[Winter Tournament - Small Zone](#)

ENTRY RESTRICTED

Event Starts

24 Aug 2017

Entries Close

10 Aug - 5:00pm

1. Single Sex Schools

If you are currently switched to a Single Sex school or club, and there are no events of the appropriate gender in that competition.

Eg Boys College can't enter into the Netball tournament, unless you are offering a mixed gender event.

2. Limit Entries

On the limit entries screen, you can select specific associations that are able to enter a competition.

If you are currently switched to one of the associations that are blocked from entering, then the Entry Restricted badge will be displayed.

Admin: How to collect premier team lists

To collect premier team lists, you need to set up 2 things

1. Edit the Entry Form and set a Premiers Close date

Football Boys - Premier, Senior A1-A3 & 14A1 Season

2. Go the Events tab for the Entry Form

You can see if premiers are already set up, in the premiers column, in this example you can see 11-35 (4),

that means minimum of 11 players, maximum 35 players and 4 new to school players

[file-skQqpyBF4M.png](#)
