

# Draw event from a previous round

This feature is useful for events when you have 2 distances for example, and you have a seeding round, but you don't want to run a seeding round for both distances.

On the **Schedule** tab, select the event/round you want to seed teams into.

Click on the **Draw from...** button and then choose the event/round you want to copy the teams from.

Then click **[OK]**

The screenshot shows the 'enternow RaceManager' application window. The 'Schedule' tab is active. The 'Draft Schedule of Events' table lists various races, including 'Women K1 200 (all ages)' and 'Women K1 500 (all ages)'. The 'Unallocated Races' table lists races that have not been scheduled yet. A 'Draw from...' button is highlighted with a red box. A dialog box is open, showing 'Source Event/Round' set to 'Women K1 200 (all ages) > Div 3 Heat'.
